LOWER YOUR WATER BILL WITH

# WASTEWATER AVERAGING

### What is Wastewater Averaging?

Northtown MUD uses the winter months when outside water usage is lower to calculate your maximum average for your sewer charge.

### Averaging Period

**11/30/26-2/28/2027**

### New Average Begins

April 2027 billing

### Why does the MUD use Wastewater Averaging?

There's no meter on your sewer. When outdoor watering is minimal, the MUD calculates your average household usage.

### How to Lower Your Bill

Turn off irrigation

Avoid filling pools

Fix leaks

Conserve water as much as possible
